NOBLESSE OBLIGE.

Among the many fine things, original and selected, in Fleming Pogue's admirable little book on "The Philosophy of Living," is the following prayer:

"These are the things I fain would put away: Malice, cold disdain, hot anger, sullen hate, scorn of the lowly, envy of the great."

How many of our readers will "cut this out?"

HEALTHY CHILDREN

State Superintendent Crabbe Makes Timely Appeal in Health Bulletin

Twenty thousand copies of a pamphlet entitled "Health and Disease" will be sent broadcast over Kentucky by Superintendent J. G. Crabbe of the Department of Education within the present week. The pamphlets will be distributed by the school officials and teachers of the several counties.

The action of the State Superintendent in this matter is due to the prevalence in certain sections of smallpox, scarlet fever, typhoid and diphtheria, and the fight on the white plague.

The Superintendent's letter embraced in the pamphlet announces that the bulletin is a circular of information on a reliable and official, being issued by the State Board of Health and off that Board. It is suggested that, when pox is prevalent in a community, the health authorities have full power to make and enforce such regulations as may be necessary to prevent the spread of this loathsome disease. Superintendent Crabbe asks that each teacher, each Trustee, each school official, will read the bulletin from cover to cover and preserve it for future reference.

FATALLY BURNED

William Walker Almost Cooked to Death When Discovered by His Mother

William Walker, colored, aged 32, an epileptic, residing with his mother in Cherry alley between Second and Front streets, will probably die from effects of burns received yesterday morning while alone at his mother's home.

The unfortunate man was evidently sitting before a small two-hole stove when he was seized with a fit, as when discovered by his mother about 10 o'clock he was lying with his face and left side on the hot stove.

Had his mother not found him when she did he would have actually been cooked to death. He is fearfully burned about the face and left side and can hardly survive his injuries.

His mother, who is employed at the Kentucky Hotel, says she was impelled to return home when she did by a boding of some kind of dire misfortune, and had she not arrived when she did it is probable the house would have burned, as the stove was knocked over on its side.

MERZ BROS.

Bessie Wilson, the seventeen-year-old girl who skipped out several days ago from her home in the county without the knowledge or consent of her parents, and was later found in Cincinnati and returned here by Chief Ort, has gone back to the Queen City with consent of both father and mother. A conference held in Chief Ort's office, between the parents and daughter resulted in a disagreement as to the disposition of the child. The father insisted that she should be sent to the Reform School, to which the mother objected. The outcome was that she was permitted to go, and henceforth she can have her own row, the parents considering that it was useless to endeavor to do more than had already been done to restore her to the family circle. The girl has chosen a course that she will only regret once, and that will be all her life.

An Indigestion Remedy Free

Many people who are otherwise healthy suffer from indigestion, or dyspepsia. When you consider that the stomach and allied digestive organs are the most important organs of the body, it would seem that a disorder there is to be taken very seriously.

Dyspeptics cannot eat the things they like; food sours in the stomach; then chronic constipation begins, or, as is often the case, you have been constipated all along, and the stools are forced and irregular.

But there is no use letting indigestion go until it becomes chronic and undermines your health. It is good advice to suggest to you that you go to your druggist and get a bottle of Dr. Caldwell's Syrup Pepsin, the wonderful cure for stomach, liver and bowel troubles. That is what C. Fowler, of Carson City, Mich., did and he is well today. Others who did the same and are cured are Ida A. Fortune, of Grand Junction, Tenn., E. P. Thompson, of Shenandoah, Ia., who actually considers that it saved his life. You can obtain a 50-cent or \$1 bottle of the druggist, and, taken according to directions, it will probably be all you need. It is a liquid, acts gently, never gripes, and besides the laxative effect, contains exceptional tonic properties which tone the stomach, and that is what is especially needed in indigestion.

All sufferers from indigestion who have never used Dr. Caldwell's Syrup Pepsin can obtain a free test bottle by writing the doctor. It will be sent direct to your home without any charge. In this way thousands have proven to their own satisfaction Dr. Caldwell's Syrup Pepsin is the very remedy they needed to cure indigestion. When once you use this grand remedy you will throw violent cathartics, tablets, salts, etc., away.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 507 Caldwell bldg., Monticello, Ill.

He received another letter telling him to remove the watchman, which he did, but no one came to get the money. Mr. Letton finding it where he left it the next morning.

Answer This Question

When thousands of women say that they have been cured of their ailments by a certain remedy, does this not prove the merit of that remedy?

Thousands of women have written the story of their suffering, and have told how they were freed from it by Lydia E. Pinkham's Vegetable Compound—for thirty years these reports have been published all over America.

Without great merit this medicine could never have gained the largest sale of any remedy for woman's ills—never could have become known and prized in nearly every country in the world.

Can any woman let prejudice stand between her and that which will restore her health? If you believe those who have tried it you know this medicine *does* cure.

Read this letter from a grateful woman, then make up your mind to give Mrs. Pinkham's medicine a chance to cure you.

Brooklyn, N. Y.—"I am a firm believer in Lydia E. Pinkham's Vegetable Compound. I was a great sufferer from organic female troubles for years, and almost despaired of ever being well again. I had bearing-down pains, backache, headache and pains in my abdomen, and tried Mrs. Pinkham's Compound as a last resort. The result was astonishing, and I have used it and advocated it ever since. It is a great boon to expectant mothers. I have often said that I should like to have its merits thrown on the sky with a search-light so that women would read and be convinced that there is a remedy for their sufferings. "My husband joins me in its praise. He has used it for kidney trouble and been entirely cured."—Mrs. E. A. Bishop, 1915 Atlantic Ave., Brooklyn, N. Y.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

BRONCHITIS VICTIM

Little Daughter of Mrs. Hastings of Fitchburg Suffered For Years. Could Not Attend School Winters.

COMPLETELY CURED BY VINOL

"For many years my little daughter suffered from bronchitis. Every winter she was out of school more than she was in, until at last I had to take her out of school entirely. We had one of the best doctors in the city, and while he would bring her out of the acute attacks all right, they kept occurring. At last she got so very bad that it did not seem as though she could stand any more spells. Knowing that Vinol had cured my little nephew of congestion of the lungs I decided to try it for my daughter. I did so and could soon see a great difference. She took four bottles in all and it has completely cured her. That was a year ago and she has not had an attack of bronchitis since and seems strong and well." Mrs. J. E. Hastings, Fitchburg, Mass.

The reason Vinol is so successful in such cases is because it contains tonic iron together with all of the healing, medicinal and body-building elements of cod liver oil actually taken from fresh cods livers,—but no oil to upset the stomach and retard its work. It does not taste of oil and children love it.

If Vinol fails to benefit any case for which it is recommended we refund every cent paid us for it. That's your guarantee; we know it will do you good.

Gentlemen:

Answering your inquiry of the 15th, we bought quite a lot of rubber roofing of you in 1902, most of which we used on temporary storage buildings that were dismantled in 1904; but we covered one shed 20X100 feet that is still standing and in good condition, not a leak in it that we know of, and it has not had any paint or coating of any kind since it was put on six years ago. This roof not only carries the water that falls on it, but receives all that falls on 20 feet of the main building to which it is attached.

With this experience we are certainly well pleased with your rubber roof and recommend it with pleasure. Yours truly,

GEORGE T. WILSON,

AN EXPERIMENT FOR YOU

Try the experiment of spending 'too much' time and thought on your clothes for awhile. Not 'too much' money, for the time and thought will perhaps really save you money. Just take the above advice, and it will result in your becoming a patron of this store, especially at this time, when special prices are being made on Overcoats, Cravattes and Suits, not excepting blues and blacks.

SOCIAL EVENTS

Misses Anna and Bess Cooke of the county charmingly entertained a number of friends Friday evening with progressive euchre and bridge, at their beautiful home, "Rose-bower."

Previous to the delightful event—it being St. Valentine season—unique invitations in the form of rhyme had been issued. With each was inclosed a tiny card bearing the name of one of the invited guests of whom the recipient was requested to write, in poetic metre, an original valentine. This injunction being graciously complied with, the reading of these "inspired messages from Cupid's pen" during the evening was the source of much amusement. The laurels for best creations of poetical genius were conceded to Miss Ethyl Wallingford and Mr. Leslie Smoot, while for the most progressions in cards, beautiful little favors were awarded Miss Ida Walton and Mr. Dan Lloyd.

A delectable luncheon was served, in which the prevailing sentiment of the season was effectively carried out.

Music, both instrumental and vocal, concluded the memorable evening, and the guests departed, unanimously joining in thought with the writer, "it was good to have been there."

Monday evening there was an extraordinary attendance at the meeting of the Official Board of the Third Street M. E. Church, and that, too, in spite of a most disagreeable night. But there was a reason for it: By a prearranged plan, the Board arranged to meet Monday evening and go in a body and surprise one of their members, Mr. George C. Easton, whose sixty-eighth birthday occurred Monday.

Mrs. Easton and their daughter, Mrs. Childs were in on the play and the surprise was complete and the evening was one of the most happy and agreeable ever spent by the Board.

After the business of the Board was transacted, they were invited to the dining-room, where a most sumptuous and delicious lunch awaited them. The table was beautifully decorated, there being a handsome carnation at each plate as a souvenir of the occasion.

After the brethren had done ample justice to the bountiful repast Rev. Harrop, as spokesman for the Board, made a very happy speech in appreciation of the occasion, wishing Mr. Easton many happy returns of the day and for him and his family the greatest happiness and prosperity.

So pleasant was the occasion that the Board

agreed that it would be a good thing for Mr. Easton to have a birthday every month and to make his home the permanent meeting place for the Board.

The prayer-meeting services tonight at 7 o'clock at the Central Presbyterian Church will be conducted by one of the Elders of the Church.

The passenger coach used on the reconstructed and now standard gauge railroad from Johnson Junction to Flemingsburg was a "Brooklyn Bridge" car and has the name in big letters still imprinted on its sides. Just think of the millions of passengers this one coach has handled, and the pack of humanity in every condition of city life, it has hauled. The congestion of people at the New York end of the Brooklyn Bridge is something fierce, and in the mad scramble to get aboard cars, men, women and children are often trampled and crushed to death. Such is life in a big city. The old coach is still in pretty good shape, but the rush and the crush of people to get in and out of it are probably ended.

A SIMPLE QUESTION.

Maysville People Are Requested to Honestly Answer This.

Is not the word of a representative citizen of Maysville more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

Mrs. Della Means, 328 East Front street, Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case, the first symptom being a sharp pain through my kidneys, accompanied by a bearing-down feeling across my hips and loins. Dull, miserable headaches soon began to bother me, and I often became so dizzy that if I did not catch hold of something I would have fallen. I continued to grow worse, until I was often confined to my bed for a week at a time. No remedy I used helped me, and I was in a bad way. Dropsical swellings appeared, and there was an almost complete retention of the kidney secretions. My body also bled, and it would be impossible to describe the misery I endured. I had about despaired of ever being cured, when I read of a person who had been freed of a similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's Drugstore, and I obtained so much relief from the first box that I continued taking the remedy until entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."
